Welcome to the IPF Atid - OneTable Summer Shabbat Series. As two Jewish organizations that work with young professionals across cities in the United States, the Israel Policy Forum and OneTable are incredibly excited to have you partner with us.

Israel Policy Forum strives to shape the discourse and mobilize support among American Jewish leaders and US policymakers for the realization of a viable two-state solution consistent with Israel's security. We do this by educating political and communal leaders on pragmatic policy ideas developed by credible security experts.

At a tumultuous time in the Middle East in general, and with uncertainty about the future direction of Israeli-Palestinian peacemaking in particular, you have found yourself at this partnership webpage because you are choosing to engage in this complex and challenging, yet most important, topic through education, dialogue, and nuanced exploration.

The Shabbat table is a cherished tradition that brings friends, family, colleagues, and community together over our shared values and history. We commend you for your initiative in bringing the IPF Atid conversation to your OneTable dinner and welcome your further involvement in our work ahead.

Sincerely,
